Hi All,

See Randy's email and attachment below and let me know whether to hold a conference call to discuss this further, wait to set up call once we receive the proposed geographic boundary or wait to set up call once we receive the draft rules. Please send your comments directly to Randy (email address under cc) with cc to the entire group.

Regards,

Subject: Time of transfer draft outline

Hello Jayne,

Attached is an outline of our current thinking. I am using the term 'outline' pretty loosely...it's very close to being a section of rules. I still need to get you (the collective EPA you) the proposed geographic boundary for consideration. Perhaps I will get that out later today, and if not today in the next week or so.

You are probably better able to identify who would be interested in reviewing this.
